

memblock_find_in_range_node

```
graph LR; A[memblock_find_in_range_node] --> B[__memblock_find_range_bottom_up]; A --> C[__memblock_find_range_top_down];
```

The diagram illustrates a function call structure. A central box labeled 'memblock_find_in_range_node' has two arrows pointing to two separate boxes on the right. The top box is labeled '__memblock_find_range_bottom_up' and the bottom box is labeled '__memblock_find_range_top_down'.
