

__next_mem_range_rev

```
graph LR; A[__next_mem_range_rev] --> B[should_skip_region]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text `__next_mem_range_rev`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `should_skip_region`. Both boxes have a thin black border.

should_skip_region
