

subsys_initcall

```
graph LR; A[subsys_initcall] --> B[percpu_enable_async]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is dark gray with a black border and contains the text 'subsys_initcall'. The right box is white with a black border and contains the text 'percpu_enable_async'. The arrow points from the right side of the first box to the left side of the second box.

percpu_enable_async
