

swap_read_unplug

```
graph LR; A[swap_read_unplug] --> B[__swap_read_unplug]
```

A diagram showing a mapping from a public symbol to an internal one. On the left, a gray rectangular box contains the text 'swap_read_unplug'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text '__swap_read_unplug'. Both boxes have a thin black border.
