

early_param

```
graph LR; A[early_param] --> B[set_nohugevmalloc]
```

A diagram showing a flow from a box labeled 'early_param' to a box labeled 'set_nohugevmalloc'. The 'early_param' box is white with a black border, and the 'set_nohugevmalloc' box is gray with a black border. A blue arrow points from the right side of the 'early_param' box to the left side of the 'set_nohugevmalloc' box.

set_nohugevmalloc
